To enjoy the calendar try to cut it precisely after scoring along all connecting lines (left picture). Fold and crease firmly (fold along solid lines away from you, along dashed lines towards you). The other picture shows how the upper rhombi fit to lower clean triangles. They should be glued together. Then complete the ring of twelve tetrahedrons gluing two flaps inside. You have obtained hexagonal rotating ring!

If you succeeded and obtained what you expected, you can believe that all the next century would be successful for you!

The following was tried out:
 I-III-XII,
 I-XI,
 I-IX-VIII-VII,
 VIII-V-II ...
 finally IV
